June 7, 2022

First Quarter Diluted EPS of \$1.69, or \$1.73 Adjusted EPS

Returned \$95 Million to Shareholders Through Share Repurchases and Dividend Payout; New Repurchase Program Announced

Company Opens First New Store Since 2019; Plans to Open at Least Eight in 2022

KATY, Texas, June 07, 2022 (GLOBE NEWSWIRE) -- Academy Sports and Outdoors, Inc. (Nasdaq: ASO) ("Academy" or the "Company") today announced its financial results for the first quarter ended April 30, 2022. Unless otherwise indicated, comparisons are to the same period in the prior fiscal year.

First Quarter 2022 Results

"We are satisfied with our first quarter results as the Company continued to position itself for long-term growth and expansion as we executed effectively in a highly dynamic environment and against a very strong prior year quarter," said Ken Hicks, Chairman, President and Chief Executive Officer. "In April, we opened our first new store in over two years and are excited and proud of its early performance. We expect to open at least eight new stores in 2022 as part of our plan to open 80 to 100 stores over the next five years. Looking ahead, the team is focused on executing our 2022 priorities which will help drive long-term growth and sustainable profitability."

Net sales were \$1.47 billion, a decrease of 7.1%, compared to \$1.58 billion. E-commerce sales grew 18.8%. Comparable sales declined 7.5%. The decline in sales was primarily due to lapping 38.9% comparable sales in the prior year quarter, partially driven by the first quarter 2021 release of government stimulus payments. When compared to the first quarter of 2019, net sales increased 36.3%.

Gross margin was \$521.4 million, or 35.5% of net sales, compared to gross margin of \$563.7 million, or 35.7% of net sales in the prior year quarter. An increase in merchandise margins and a decrease in freight costs were offset by an increase in inventory and e-commerce shipping costs.

In the first quarter, pre-tax income was \$195.3 million compared to \$224.9 million. This is the second highest reported first quarter pre-tax income in the Company's history. When compared to the first quarter of 2019, it is an increase of more than 650%.

GAAP net income decreased 15.7% to \$149.8 million compared to \$177.8 million. Diluted earnings per share were \$1.69 compared to \$1.84 per share. Adjusted net income, which excludes the impact of certain non-cash and extraordinary items, was \$153.2 million. Adjusted diluted earnings per share were \$1.73 compared to \$1.89 per share.

Balance Sheet and Capital Allocation Update

At the end of the first quarter, the Company's cash and cash equivalents totaled \$472.4 million with no borrowings under the \$1 billion credit facility. Adjusted free cash flow was \$79.8 million during the first quarter. Merchandise inventories were \$1.3 billion, an increase of 22.5% compared to the first quarter 2021 and 8.8% higher than the first quarter of 2019.

During the first quarter, Academy returned \$95.0 million in cash to stockholders through a combination of share repurchases and a dividend payout. The Company repurchased 2.3 million shares for \$88.5 million. On April 14, 2022, the Company paid its first quarterly cash dividend of \$0.075 per share, or \$6.5 million, to stockholders of record as of the close of business on March 17, 2022.

Subsequent to the end of the first quarter, on June 2, 2022, Academy announced that its Board of Directors ("Board") declared a quarterly cash dividend with respect to the quarter ended April 30, 2022, of \$0.075 per share of common stock. The dividend is payable on July 14, 2022, to stockholders of record as of the close of business on June 16, 2022. The Board also approved a new, three year \$600 million share repurchase program, bringing the total amount currently available under both share repurchase programs to \$700 million.

2022 Outlook

Michael Mullican, Executive Vice President and Chief Financial Officer said, "Academy continues to effectively manage costs through this inflationary environment and generate strong cash flow, allowing us to fund investments in our strategic initiatives and new store growth. While our internal initiatives continue to drive operational improvements and consistent execution, we believe it is prudent to revise our full year outlook to reflect the current macroeconomic challenges."

Academy is revising its initial guidance for fiscal 2022 for the following metrics:

- Total net sales of \$6.43 to \$6.63 billion and comparable sales of -6.0% to -3.0%
- GAAP Income before taxes of \$725 to \$805 million
- GAAP net income of \$550 to \$615 million
- GAAP diluted EPS of \$6.30 to \$7.00 from \$6.55 to \$7.10 based on 88.0 million diluted weighted average shares outstanding
- Adjusted diluted EPS of \$6.55 to \$7.25 from \$6.70 to \$7.25

The earnings per share estimate reflects a tax rate of 24.0% and the share repurchase activity in the first quarter, but does not include any potential future share repurchases.

Adjusted EBITDA and Adjusted EBIT

We define "Adjusted EBITDA" as net income (loss) before interest expense, net, income tax expense and depreciation, amortization, and impairment, further adjusted to exclude consulting fees, private equity sponsor monitoring fees, equity compensation expense, (gain) loss on early retirement of debt, net, severance and executive transition costs, costs related to the COVID-19 pandemic, pre-opening expenses and other adjustments. We define "Adjusted EBIT" as net income (loss) before interest expense, net, and income tax expense, further adjusted to exclude consulting fees, private equity sponsor monitoring fees, equity compensation expense, (gain) loss on early retirement of debt, net, severance and executive transition costs, costs related to the COVID-19 pandemic, pre-opening expenses and other adjustments. We describe these adjustments reconciling net income (loss) to Adjusted EBITDA and Adjusted EBIT in the following table.
